

# Lose your heart to Hamburg!

**Hamburg. Gateway to the world.  
And to new horizons.  
Your home away from home  
for new adventures.**

HOCHSCHULE FÜR ANGEWANDTE  
WISSENSCHAFTEN HAMBURG  
Hamburg University of Applied Sciences

## A COSMOPOLITAN CITY ON THE WATER

In the North of Germany and in the heart of Europe, Germany's second largest city offers excellent quality of life and international flair. If you like to spend your leisure time outdoors, then you will love Europe's "greenest" city with its lake and canals and beautiful parks. For those of you who love culture, Hamburg's museums, theatres and its world famous concert hall, the Elbphilharmonie, will inspire you.

The Economist ranks Hamburg as one of the Top Ten most liveable cities in the world and from its international airport you are just a short flight away from lots of other European cities.

When you study abroad at Hamburg University of Applied Sciences you will be getting a practice-oriented education, applying the theory you learn in lectures in projects and getting a special insight into the expertise of professors who have worked in industry. You will also be part of an international group of students from all over the world, learning about their cultures and exchanging views and ideas.

**Build your  
knowledge for life.**

**“What makes study abroad really special is meeting people from so many different countries and experiencing different cultures. Study abroad has made me a more well-rounded student.”**

Connor, USA

## COURSES IN ENGLISH

It is great if you speak German, but if you don't, it isn't a problem. Hamburg University of Applied Sciences offers over 90 courses in English or where German is not required.

Choose from:

## COSTS AND SERVICES

Studying abroad in Germany is not as expensive as you might think. Monthly costs are often lower than in your home country and you pay tuition to your home university, not in Hamburg. As part of the semester contribution you will get a public transport ticket for the whole semester.

- rent: 280–350 Euros/month
- semester contribution: 289 Euros
- health insurance for non-EU citizens: 95 Euros / month
- living costs: 400–600 Euros/month

Total costs for a semester: 4,500–5,500 Euros

Generally, we can provide you with a room in student accommodation and a buddy to help you get yourself organised during the first few days. They will collect you from the airport or train station, bring you to your hall of residence and help with administration.

We organise a welcome week to help you get to know the city and the other international students before classes start and our weBuddy team offers fun events during the semester.

**Build a network  
of international friends.**

**“The HAW Hamburg professors have all worked in industry and can bring their real life experiences into what they teach you in class.”** Cheuk Ho, Hong Kong

**“The friends I made in Hamburg became like a family to me and the different cultural backgrounds made me more aware of my own culture.”** Omar, Mexico

## APPLICATION

To apply for a study semester or year abroad at Hamburg University of Applied Sciences, please speak with the Education Abroad or International Office at your home university. They will register you for our online application process.

### APPLICATION DEADLINES:

- 30. April for the winter semester
- 30. October for the summer semester

Please be advised that the internal application deadlines at your university may be earlier.
