FAQs of the Month

I'm debating whether to withdraw (use a W) from a course. What should I do?

- Check how using a W will affect your degree plan. You may need summer courses and/or take another year to graduate. **Consider prerequisites and check with your advisor!**
- Consider how using a W will impact Satisfactory Academic Progress (SAP) for financial aid or scholarships. Ask the Office of University Scholarships & Financial Aid if you have questions about financial matters related to course withdrawals.
- Be sure that you have no holds on your account.
- You may only use 3 W's while at VT.
- To withdraw, complete the online course withdrawal request form by the Dec. 7th withdrawal deadline. Save a copy of your responses when you submit the form.

I submitted my course withdrawal request, but I don't see the W reflected in Hokie Spa. Do I need to keep attending classes for the course?

- When you submit your course withdrawal request, you should receive an email from COE Academic Affairs saying that your withdrawal request has been received. Hang on to this notice as your "receipt".
- It takes time for all of the COE course withdrawal requests to be processed. As long as you have no holds on your account and still have course withdrawals available, your request will go through. But, it may not be processed until after the course withdrawal deadline.
- You do NOT need to continue attending classes or completing assignments once you have withdrawn from a course.

What grade do I need to earn in my course in order for it to count towards my AE or OE major?

- For the AE & OE majors, D- is the minimum passing grade required for a course to count towards the degrees & count as a prerequisite for later courses.
- Keep in mind that you must maintain a 2.0 or higher cumulative and in-major GPA to stay in good standing with the AOE Department and avoid Policy 91 probation/suspension. In-major GPA refers to all courses taken under the "AOE" course designation. See the checksheets for more information.
