FAQs of the Month

1. Is tutoring available for my courses?

- Sigma Gamma Tau is offering Zoom tutoring for AOE courses on Mondays & Wednesdays from 5:00-6:00 PM. RSVP [here](#) at least 24 hours ahead.
- Check out our [AOE Tutoring & Academic Support](#) web page to find additional tutoring options.
- Also, remember to make use of office hours with your professors/TAs!

2. I am doing a math minor. Can I count my AOE math elective course towards my math minor?

- If you are taking [STAT 4705](#) as your math elective, you are not able to use it towards the math minor.
- If you are an AE student taking either MATH 4574 or AOE 4404 as your math elective, these courses will also count towards the math minor.
- Also, certain math courses will count as AOE tech electives and can be double-counted towards your major & math minor. But, remember that you have a 6-credit non-AOE tech/track elective limit.

3. I took AOE 4404 for my math elective. Why don't I see it appearing under my math minor in DARS?

- AOE 4404 and MATH 4404 are cross-listed. To have AOE 4404 count towards your math minor, contact [Sadie Powell](#), the undergrad program coordinator for math, and request a substitution.
