FAQs of the Month

1. What is a DARS report?

- A "Degree Audit Reporting System" (DARS) report shows your degree requirements and progress towards degree completion. [Apply for your degree](#) in Hokie Spa prior to requesting a DARS report.
- Your DARS report includes sections for Pathways, major/minor requirements, free electives and in-major GPA. For more information, check out the [Registrar's DARS information page](#).

2. My Pathways 1a (advanced discourse) class is red in DARS. Do I need to add an additional course?

- Pathways 1a is fulfilled by AOE coursework taken during junior/senior years.
- You do not need to select an additional Pathways 1a course. As long as you finish your AOE degree this requirement will be completed.

3. I took AOE 4404 (or 5404) to double count for my AE math elective and my math minor. Why don't I see it appearing under my math minor in DARS?

- AOE 4404/MATH 4404 are cross-listed. To have AOE 4404 or AOE 5404 count towards your math minor, contact [Sadie Powell](#), undergrad program coordinator for math, and request a substitution.

4. My DARS shows courses in 3 different tracks. Why?

- Track/tech courses may show up under different tracks at first. Once you enroll in 3 courses that fulfill a single track, they should group together, showing that the track is in-progress or complete.

Remember, when in doubt about your DARS, contact your advisor!
